3 Bedroom ♦ 2 ½ Bath ♦ Two-story ♦ 1780 SF plus full finished basement

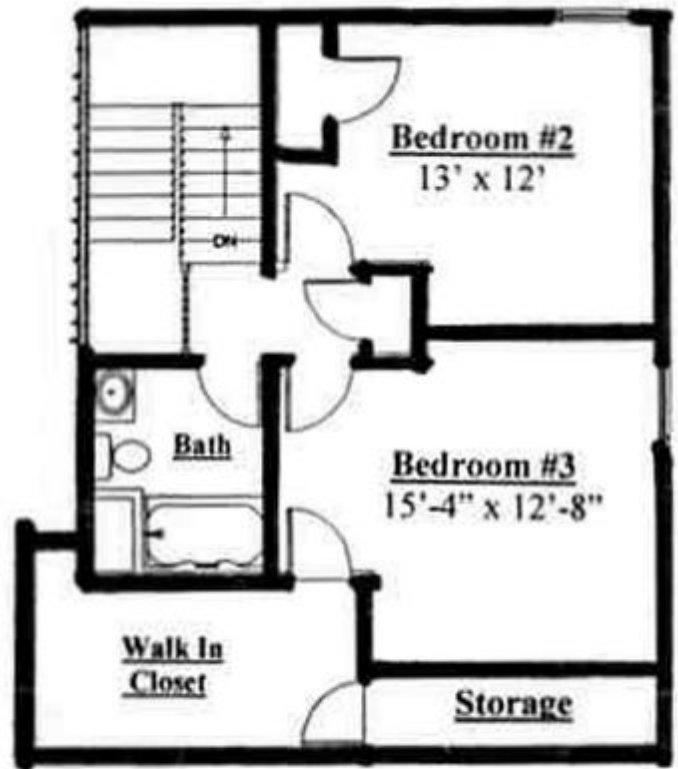

The Amy is the perfect home for everyone! The master suite is on the first floor; two bedrooms and a separate bath on the second floor allow for privacy. The deck and stamped concrete patio are great for informal gatherings. The finished basement makes a cozy area for a media or game room. Featuring an open floor plan, the Amy makes entertaining a breeze, with a kitchen centrally located between both the dining room and the living room. Add your own personal touches to this plan and make it your own!
