

The Maggie

3 Bedroom ♦ 2½ Bath ♦ Huge family room flows into breakfast nook & kitchen ♦ Cavernous 13x21 master bedroom suite features walk-in closet and private bath with whirlpool tub ♦ 2971 SF

Look at that wall of windows in the 2-story family room! Boasting both a huge family room and a formal living room, the Maggie affords you plenty of space to entertain or just unwind at the end of the day. A kitchen filled with sleek, modern appliances adjoins both a cozy breakfast nook as well as a formal dining room. Designed for privacy, the generous-sized first-floor master suite sports a cathedral ceiling and a private master bath with his and hers vanity, a whirlpool tub and separate shower. Upstairs, 3 more bedrooms share a 2nd luxurious bath; there is also a loft, which would be perfect for a computer room or home office. Add your own personal touches to this plan and make it your own!
