French doors open to a first-floor den; the Michelle's open floorplan continues, leading you into a formal dining room which flows into a huge kitchen with an L-shaped peninsula and a center island. A cathedral ceiling, a towering fireplace, and a huge wall of windows grace the 16x17 great room. The private master suite boasts a 9-foot tray ceiling, a private master bath, and a cavernous walk-in closet. On the opposite side of the home, two other bedrooms share a 2nd luxurious bath.
